

ENESTVEDT'S

E595 Conv

CONVENTIONAL

106-Day

New hybrid that works well across a wide range of planting populations and soils. Exceptional yield with sturdy stalks and roots. Very good seedling vigor with good Goss's wilt tolerance. Has deep kernels on long girthy ears. Lower greensnap risk and very good fungicide response. Very good earflex and drydown.

Maturity	Relative Maturity-----	106-Day
